

Baby Loss Matters

Remembering short lives

Suggested Prayers for Baby Loss Matters

Please add one or all of the following to your bidding prayers.

. . . That **all who have suffered baby loss** of any kind - whether they be women, men, or their families - may receive the loving support they need, and to be healed in body, mind and spirit.

. . . That **our society** may come to have the utmost respect for human life from the moment of conception to natural death.

. . . That **any woman** facing a difficult or unintended pregnancy has the courage and support to choose life for her child.

. . . That **all Christians** may come to recognise that we have a special duty to promote Life and support those in need.
